Export to ProQuest RefWorks from Scopus

Enter keyword search terms into Scopus’ search box
Three sieges and two massacres: Enniskillen at the outbreak of the nine years' war, 1593-5

Select the resource by clicking on the hyperlinked title.
Click on the “Export” button, located on top of the resource, on the left.
Within “Export document settings,” select “RefWorks,” and click “Export.” Though this is the icon for Legacy RefWorks, it will export to RefWorks.
